Dear Mr. Jackson:

I received your letter dated May 22, and am appreciative of your congratulations on my appointment and I too look forward to working with you on the various problems concerning this office. In your letter you indicated your concern with working out a problem concerning the East Union Irrigation Company relative to a division between surface water rights and ground water rights. I have asked members of my staff to provide me with all prior information concerning this matter so that I may have the opportunity to build some background. As soon as this information has been assembled and I have had an opportunity to digest the problem I will meet with members of my staff, Gerald Stoker and Don Norseth, and arrive at a decision in this matter. It may be necessary for me to contact your office for some additional clarification, however, I will attempt to finalize this matter at the earliest possible date.

Yours truly,

Dee C. Hansen
